What can our committee do?

Ideas included: backpacks, radios, fire department, area maps, sustainability, CERT. Police K9

Location is at Lakeridge HS on September 9th from 2-5pm

Due to low volunteer help, we decided to get the Fire department to do a fire extinguisher demo, get the police K9 officer or have a police officer stop by and answer questions and to have a backpack demo showing how to pack and what to have.

The fall CERT class will start on September 18th.

Two more radio sets have been issued to area residents since our last meeting.

Meeting ended 7:45pm
