Neighborho	od History											
Policies	,											
PNA	Policy 1	Promote and preserve the rich history of the Palisades area and educate the community.	Outreach and education through action steps.									
PNA	Policy 2	Document the history of Palisades people and places for future generations.	Action steps 2-6									
PNA	Policy 3	Ensure the preservation and maintenance of significant cultural resources in the Palisades neighborhood.	Action steps 1-7; PNA has been in contact with Cemetery to offer assistance and can take similar steps for other historic resources; support the work of the HRAB and designation of significant resources.									
Action Steps	s											
PNA	Action 1	Identify a PNA resident to serve as a liaison to the City's Historic Resources Advisory Board	Create position on the PNA board.									
PNA	Action 2	Publish a calendar with historical photos and images of historic landmarks in Palisades to educate community members.	PNA to identify neighborhood historians to work on project. HRAB to advise.		PNA member funding, grants							
PNA & City (HRAB)	Action 1	Work with community members, historians, and HRAB to create a book about the history of Palisades.	HRAB to advise.	Possible staff time. To be led by PNA with outside funding sought in cooperation with HRAB.	route signage)							Incomplete
PNA & City (HRAB)	Action 2	Work with HRAB, L.O. Parks & Recreation Department, Clackamas County, and private property owners to develop a historic sites trail.	PNA to identify neighborhood historians to work on project.	Possible staff time. To be led by PNA with outside funding sought in cooperation with HRAB.	Grants (for site markers & route signage)				х			
PNA & City (HRAB)	Action 3	Coordinate with HRAB and historic districts throughout the City to organize historic walking tours through the neighborhood.	HRAB to advise.	Possible staff time. To be led by PNA with outside funding sought in cooperation with HRAB.				х				
PNA & City (HRAB)	Action 4	Coordinate with HRAB to research and document significant archaeological sites including the burial grounds on Cook's Butte.	PNA to identify neighborhood historians to work on project. HRAB to advise.	Minimal staff time.	NA			х				L
PNA & City (HRAB)	Action 5	Work with HRAB the City and Pioneer Cemetery owners to enhance and preserve the historic value of the cemetery.	Maintain communication with the cemetery about their needs. Identify community members to assist the cemetery with work days and other projects as they are identified. HRAB to advise on historical significance and grant resources.	Staff time. Any funds for improvements would be sought from outside sources.	Grants		х					
ommunication	n & Citizen Invo	lvement										
PNA	Policy 1	Create an open and respectful environment for citizen participation.	Have meeting ground rules and effective facilitation that enforces this environment. City may also provide training to board.									
PNA	Policy 2	Promote stability, continuity, and diversity within the PNA board and committees.	Implement action step 1									
PNA	Policy 3	Utilize collaborative processes to build consensus.	Implement action step 2									
PNA	Policy 4	Foster participation, positive communication, and cooperation between neighbors, and with the PNA, City, schools, and with other organizations in the neighborhood.	Implement action step 3									
PNA	Policy 5	Organize Palisades neighbors, businesses, schools, and other organizations around common efforts.	implement action steps 3, 7									
PNA	Policy 6	Improve and expand PNA communication tools and processes.	Implement action step 5									
City	Policy 1	Educate and partner with Palisades community members to build relationships within the neighborhood and increase sustainable practices in all Palisades households.	City to Support PNA-directed action steps by connecting PNA to sustainability resources.	Minimal staff time.								Ongoing

Respon-		Policies and Action Steps	Implementation	Estimated Costs	Potential Funding	Priority Level			Timelin	е		Status
sibility			Strategy		Source (if needed)	(high, med, low)	< 1 yr	1-3 yrs	3-5 yrs	5-10 yrs	> 10 yrs	
City	Policy 2	Ensure that conflict resolution procedures are available and communicated to neighbors who have concerns about their neighborhood.	PNA to follow PNA-directed action step outlining conflict resolution procedure. City to continue coordinating mediation services through Clackamas County.	No additional costs. Mediation services are existing City service through the County.								Ongoing
PNA	Action 1	Continue to explore ways to promote continuity, stability, and diverstiy in the PNA Board. a) Designate a PNA member to serve as a board member recruiter, seeking to form a board that represents the diverse perspectives in the neighborhood. b) Strive to ensure loal representation of each neighborhood sub-area on the PNA board. c) Consider staggering board elections to create two-year terms with half of	Bylaw changes									
PNA	Action 2	the board elected each year. Promote a process that can be accessed to resolve problematic issues that arise within the neighborhood, or for residents who feel their concerns or perspectives are not being acknowledged: a) Help to bring all affected parties to the table in a facilitated dialog to explore creative solutions b) Encourage neighbors to raise concerns through the procedure outlined in the PNA bylaws, which allows any group of 20 neighbors to be granted a special meeting of the association, within fifteen days of their written request being received by the board. c) Recommend a dispute resolution process when the issue may benefit from a neutral third party mediator	Communicate this process to the neighborhood through meetings, web site, newsletters.									
PNA	Action 3	Organize activities to help community members meet each other and build relationships. a) Organize community members around common efforts outlined in the Neighborhood Plan Action Steps. b) Involve Palisades schools in community projects to encourage the participation of neighborhood parents and children.	PNA Plan Implementation Committee, and other board members to organize activities, implement action step 4.									
PNA	Action 4	Create a volunteer coordinator position on the Palisades Neighborhood Association Board to recruit new volunteers and connect interested residents with local projects.										
PNA	Action 5	Expand neighborhood communication tools to include:	Designate a communications position on the PNA board?		PNA fundraisers to fund web site?							
PNA	Action 6	Improve communications between management at the neighborhood's various conditional use facilities (churches, schools, residential care homes) and the residents who live nearby. a) Create a neighborhood association board position to serve as a conditional use liaison. This person would be the neighborhood's representative in meetings with local churches, schools and other non-residential uses. b) Establish an annual meeting between the Palisades Neighborhood Association and administration at Lakeridge High School to discuss conflicts and concerns of neighbors.

sibility		Policies and Action Steps	Strategy	Estimated Costs	Source (if needed)	(high, med, low)	< 1 yr	1-3 yrs	3-5 yrs	5-10 yrs	> 10 yrs	
PNA	Action 7	Facilitate an exchange of skills and resources among community members. a. Organize a day of sustainability workshops and activities led by neighborhood experts. b. Identify a resident to serve as the Palisades Neighborhood Master Recycler through the local Master Recycler training program. c. Foster sustainability of a diverse community by developing a neighborhood skill sharing bank. d. Host a Palisades Green Tour of Homes to showcase neighborhood properties that have utilized sustainable approaches in their homes and gardens, and share best practices between neighbors.	PNA Sustainability Committee to organize events.									
PNA	Action 8	Work with neighbors and the City's Community Emergency Response team to train residents in response skills and develop a disaster plan for residents in the Palisades neighborhood. Identify or develop places for community meetings and distribute a list of										
PNA Land Use	Action 9	locations in the neighborhood.										
PNA	Policy 1	The PNA will promote full discussion and seek positive resolution for proposed changes to existing conditional uses or applications for new conditional uses in their neighborhood. a. Provide opportunities for all Palisades residents to learn about changes to conditional land uses in the neighborhood and provide their input. b. Ensure an open dialog that respects diverse perspectives and communicates these perspectives during the discussion and decision-making process. c. Follow the process described in the Citizen Involvement Chapter of the Palisades Neighborhood Plan when issues arise around neighborhood conditional uses.	Implement action step 4									
City/PNA	Policy 1	enhancing scenic resources, heritage landscapes, views and natural	Implement the Open Space Plan. Implementation techniques outlined in the plan include property acquisition, regulatory protections, tax incentives and partnerships. LO should develop Citywide a implementation strategy for this plan.	Staff time. Extent will depend on specific implementation approach taken. (See Action Step 10 below)		High						
City/PNA	Policy 2	Park and Natural Area zones, ensure that existing open space, natural areas and recreational facilities are maintained and enhanced for use by Palisades residents, and for their positive contribution to neighborhood character. a. Promote and support the parks, recreational facilities, natural areas and historic sites, which are valued by Palisades residents as neighborhood amenities due to their positive contribution to neighborhood quality of life. b. Consider the contribution of dark night skies to the neighborhood's character and its natural habitat	As part of Comprehensive Plan, zone changes must comply with this policy. PNA to advocate for the preservation and enhancement of existing parks, etc. Palisades to consider how proposed new lighting impacts neighborhood character and habitat when responding to development proposals.	No concrete City costs determined at this time.								Ongoing

Respon- sibility	Policies and Action Steps	Implementation	Estimated Costs	Potential Funding	Priority Level			Timelin	е		Status

PNA	Action 3	Ensure continued monitoring of new development by trained PNA delegates. Attend pre-application meetings, and comment on proposed development at public hearings. Refer to the Neighborhood Character section of this plan to identify design features and issues that important for ensuring neighborhood compatibility.										
PNA	Action 4	Appoint a PNA liaison to conditional use facilities.										
PNA	Action 5	Appoint a PNA School District liaison to review upcoming agenda items and highlight items of interest to the Palisades neighborhood.										
PNA	Action 6	Provide forums and materials to educate property owners about their responsibilities regarding code provisions for noise, property maintenance, public encroachments and other nuisance provisions.										
PNA	Action 7	Encourage homeowners associations to review and update their Codes, Covenants and Restrictions to foster sustainable practices among individual homeowners.	PNA Sustainability Team to address.									
PNA	Action 8	Appoint a PNA board member to participate in local and regional public policy discussions and actions related to growth, density and future development, particularly as they relate to established low density neighborhoods and the Stafford Basin.										
PNA	Action 9	Form a neighborhood task force to work with City staff to establish effective guidelines, recommendations and incentives for the planting of native trees and vegetation to enhance neighborhood character and strengthen green corridors. Provide educational opportunities to show residents how they may create areas linking wildlife habitat on their properties.	PNA to work with Natural Resources staff.									
PNA	Action 10		PNA to participate in Open Space Plan implementation.									
City	Action 1	Consider new overlay zones for the Palisades neighborhood to preserve and enhance existing neighborhood character. Conduct an in-depth survey of properties in each Residential Development Typology area to determine the frequency of dominant neighborhood characteristics. Using the results, work with neighbors within each area to explore new regulations that would help to ensure that future development is consistent with the existing neighborhood character. Adopt an overlay zone/s to apply any additional regulations that are supported by the neighborhood.		Staff time: 500 hours Potential graphics consultant time: \$1,000 Materials/postage for neighborhood outreach: \$1,000	Neighborhood Planning budget	High						
City	Action 2	Work with the Palisades Neighborhood Association, adjacent residents and property owners to develop an "Overlook Road Scenic Streetscape Concept Plan." Incorporate techniques to provide wildlife habitat and minimize storm water runoff when possible.	City Planning & Engineering staff to take on as project, and work with PNA.	Staff time for development of concept plan: 250 hours Implementation would depend on what plan included, and if any roadway improvements were needed.	CIP; implementation could include budget from Tree Fund if new tree planting is included in Plan.					x		
City	Action 3	Conditional Use, Residential Infill Design (RID) and Major Development applications to identify design features and issues important for ensuring neighborhood compatibility.	conditional use and major development.	No additional costs.			x					Ongoing
City	Action 4	require the following additional standards within the Palisades Neighborhood	Write specific code language and propose as CDC text amendment specific to the Palisades neighborhood.	Staff time: 300 hours Potential graphics consultant time: \$500	Planning budget	High	х					
	, 1011011 -	a. Develop additional standards for structure design that would ensure that congregate housing and residential care housing facilities reflect characteristics of a detached, single-family development pattern while accommodating the unique functional needs of the facility.		Neighborhood outreach materials/postage: \$500								
City	Action 5		Planning Department to take on as project.	Potential graphics consultant time: \$1,000 Neighborhood outreach materials/postage: \$1,000	Allocation of staff time, Planning budget	High		х				

Respon-			Implementation		Potential Funding	Priority			Timelin	е		Status
sibility		Policies and Action Steps	Strategy	Estimated Costs	Source (if needed)	Level (high, med, low)	< 1 yr	1-3 yrs	3-5 yrs	5-10 yrs	> 10 yrs	
City	Action 6	Establish guidelines, recommendations and incentives for the planting of native trees and vegetation to enhance neighborhood character and strengthen green corridors throughout the Palisades neighborhood as recommended in the Lake Oswego Open Space Plan (adopted 2001).	Planning staff to work with nhood to develop.,	Staff time: 100 hours	Allocation of staff time, Planning budget	High		х	-			
City	Action 7	Involve Palisades Neighborhood Association representatives in planning processes associated with expansion of the Urban Services Boundary.		No separate process/funds needed.	NA			х				
City	Action 8	Continue to implement recommendations identified in the Lake Oswego Open Space Plan (adopted in 2001) to protect and enhance the following resources of importance to the Palisades neighborhood character and quality of life.	Prioritize implementation (this would likely apply citywide.)	Staff time: Will depend on extent of implementation. Estimated 200-400 hours.	Allocation of staff time, Planning budget.	High		x				
Parks & Recrea	ition											
PNA	Policy 1	Participate in the planning and operation of Palisades neighborhood parks.	Attend public meetings where Palisades parks planning and operation is discussed to provide input.									
PNA	Policy 2	Develop additional pocket park facilities in Palisades.										
PNA	Policy 3	Support the recreational needs of diverse age groups in Palisades.	When developing new park facilities, consider facilities for diverse age groups.									
PNA	Policy 4	Promote maintenance and enhancement of Palisades natural area parks.	Cook's Butte Management Plan was a great first step toward implementing this policy. City should implementing this plan and request budget necesasry for maintenance and enhancements in Palisades natural areas.									
PNA	Policy 5	Improve pathway connectivity throughout the neighborhood	Implement the pathways identified in the Plan.									
PNA	Policy 6	Increase and maintain communication between the PNA and representatives of the Palisades Park Community Club (Lake Easement), Lake Grove Swim Park, and Greentree Community Swimming Pool.	Designate a member of each to serve as PNA liaison?									
City	Policy 1	Develop additional pocket park facilities in Palisades that include active recreational opportunities.	Where properties are available, location is appropriate and funds are available, City to purchase land and develop pocket parks.	Cost of property acquisition, and park development. Depends on cost of property. Likely not less than \$1 M.	Possibly Parks Fund (CIP)							
PNA	Action 1	Work with the City to develop a master plan for a park on the Rassekh property.	Parks Dept. planning to develop this master plan in the next 3-5 years, potentially at the same time as the update to the Luscher Farm Master Plan.			High						
PNA	Action 2	Advocate for additional park facilities. Priorities include play equipment and picnic facilities for Palisades residents and guests.	Participate in City budgeting process and advocate before PRAB and Council.									
PNA	Action 3	Incorporate and consider the needs of youth in planning for future recreational facilities. Consider Target activities for specific age groups and staffed after school programs.	Advocate for these things during park planning processes.									
PNA PNA	Action 4	age groups.	PNA representatives to develop plan/vision for nhood parks.									
Parks and Rec	Action 5	Promote use of the Municipal Golf Course to improve its economic viability. Action items include: a) Hold an annual Palisades Golf Tournament. b) Work with golf Course management to hold Palisades Neighborhood Association general meeting at the golf course after house, and have neighbors dine together at the Slice of Life Café prior to the meeting. c) Promote golf course activities through the Palisades Newsletter. d) Participate in City planning efforts regarding golf course facilities and operations.										
PNA	Action 6	Work with the City's Natural Resource Coordinator to identify opportunities for maintenance and planting activities in Palisades' natural areas. Coordinate neighbors for volunteer opportunities to address maintenance and enhancement activities within Palisades' natural areas.	Contact Natalie Strom and/or Americorps volunteer staff person to organize events througout the year; recruit volunteers.

Parking												
PNA	Policy 1	Develop a process for resolving parking issues.	PNA to draft process and review with City; communicate process to neighbors.									
PNA	Policy 2	Provide safe streets by encouraging off-street parking.	Encourage neighbors through meetings, web site, newsetters, to park in driveways, garages. Through development review process, advocate for off-street parking.									
Street Lights	and Utilities		parting.	•								
PNA	Policy 1	Educate neighbors to assist in the resolution of light trespass issues.	Implement action step 19									
PNA	Policy 2	Promote putting overhead utility lines underground.	Implement action step 22									
PNA	Action 1	trespass onto private property.	City can provide PNA with info to share with neighbors.									
PNA	Action 2	Contact PGE and ask them to come out and lower the lights to the city code height maximum of 22', and to install a 70W lamp instead of their usual 100W or 150W lamp.										
PNA	Action 3	To address concerns about lights on conditional use buildings, meet with property owners or managers to discuss lighting concerns.	PNA conditional use liaison (land use action step 4) to implement.									
PNA	Action 4	Through the City of Lake Oswego and Clackamas County budget process, encourage the allocation of funds for underground utilities particularly along Stafford Road, in consideration of Clackamas County Comprehensive Plan.	PNA to testify at budget hearings.									
Natural Resour	ces											
PNA	Policy 1	Consider the impacts that neighborhood association decisions have on neighborhood wildlife and vegetation.	When making recommendations or decisions about									
PNA	Policy 2	Promote improved watershed quality in and around Palisades.	Implement Action Steps 1 and 2			High						
PNA/City	Policy 3	Increase awareness and knowledge about trees in Palisades.	Implement Action Steps 3, 4, 5 and 7									
PNA	Action 1	Work with the City to organize a storm drain marking project. Organize community members to participate in marking Palisades storm drains with messages indicating the lake or river they drain into.	City is finalizing a storm draing marking program. Neighbors can begin project starting this fall.									
PNA	Action 2	Promote improved watershed quality in Palisades' by providing information on the Palisades Neighborhood Association web site and newsletter about what residents can do to improve the health of their lake and streams	PNA Sustainability Team to coordinate with the City and the Lake Corporate on specific actions the neighborhood should take, and promote this information to the community.
